As tournament organiser I would like to report that an error was made in the marking out of the Metric 4's shortest distance, i.e. distance was set at 15m instead of the correct 10m for the first day.

This error was noticed during the distance being being shot, and the Judge in charge made the decision to finish shooting the remaining 18 arrows for that distance, as the error could not, at that time, be corrected, and would not effect the other rounds being shot on the field.

Apologies were made to all the archers shooting the Metric 4 round, and these apologies were accepted.

The correct distance was set for the next day.

All of the archers, shooting the Metric 4, scores were checked to clarify that the mistake had not jeopardised any record claims that could have been achieved. At no point did any of the archers shooting the Metric 4 round acheive scores, for either the single or double, that would have allowed them to claim a record.

The error made on the Metric 4 round at no time effected the other rounds being shot or had any effect on any records claimed for any of the other rounds.
